DIAMOND-CLASS PROVIDER  
OF GENUINE OPEN ACCESS  
PUBLISHING SERVICES

**SciPost** is a grassroots, by-and-for scientists initiative whose mission is to provide a complete publishing infrastructure based on Genuine Open Access principles.

**SciPost** offers a fully-featured online infrastructure covering publishing needs from preprints to metadata, with a strong emphasis on leveraging openness to maintain high editorial quality. It is entirely not-for-profit, owned and operated by the community, open and accessible to authors and readers worldwide, and it makes use of open licences with copyright retained by its authors.

**SciPost** positions itself as the antithesis to subscriptions and the antidote to APCs. Its cost-slashing operations are rooted in its [PubFrac's business model](#) linking publishing activities to [benefitting organisations](#).

By supporting **SciPost**, you will contribute to ensuring the initiative's sustainability, enabling it to expand services to a wider, more diverse community, and empowering it to continue being a driving force in bringing about a more open, high-quality, and affordable future for academic publishing.

## WHY HAS IT BEEN DEEMED AN ESSENTIAL INFRASTRUCTURE?

The SCOSS Board considers SciPost a reliable Diamond OA infrastructure that offers a robust OA publishing model that enables the equitable and accessible dissemination of research findings.

# HOW CAN YOU HELP?

You can help by committing to help fund the **SciPost** infrastructure.

We recommend that you pledge an annual donation for a period of three years, as shown in the table below, in which funding levels vary according to the size and type of the organisation. Pledging for the full term of three years will provide the service with a secure financial foundation on its path to financial sustainability. Your pledge can either be paid in one lump sum, up-front, or on an annual basis.

Financial transactions will take place directly between the funding organisation and the service provider, and not via SCOSS. Organisations wishing to support **SciPost** should contact them directly at [sponsors@scipost.org](mailto:sponsors@scipost.org).
